

2019 DOS PADRES VERMENTINO

Anyone who has visited the Page Springs Tasting Room in the past few years has certainly glanced to the West out at our beautiful Dos Padres vineyard on the other side of Oak Creek. Many have said that the high position and visibility of this vineyard truly transformed our valley into an indisputable wine region. My two fathers, Terry (birth father) and Rod (stepfather) who own this vineyard will be proud of the wines we have crafted from these rocky slopes. This moderately rich wine has medium acidity, classy aromatics, ample citrus and tea notes that finish full and round on the palate. A wine not unlike its most famous Italian counterpart: DOCG *Vermentino di Gallura*.
