

2020 HOUSE MOUNTAIN SYRAH CLONE 525

House Mountain Vineyard can be found about one mile upstream from our Estate. A collaboration between Page Springs and the Petznick family of the Dancing Apache Ranch, this nine-acre site is planted to several varieties, with the biggest block being Syrah clones 471 and 525. This site is higher in elevation than our Estate and sits just above the cold air drainage line in our valley. The grapes are receiving more heat and these hill-slopes see more constant wind and thus appear to have less threat of fungal issues. This pick of Clone 525 differs from the 471 in that it highlights the pure fruit and less of the tarry, herbal side of Syrah. This is a serious wine that will reward ageing for several years.
