

2022 CDP

Colibri fruit is traditionally a main component of many of our best blends. Born in 2014 to much excitement, the CDP (Colibri du Pape!) builds on the complex dark fruits and intense white pepper spice that Colibri is known for. In 2022 we saw more red fruit characters, hints of stone fruit, bramble, and ample, but not overpowering pepper spice. This classic blend comprising mostly of Grenache (as a CDP should) is supported by the darkness of the Syrah, and the earthiness of Mourvèdre. Wonderfully balanced, both sweet and savory, and infinitely complex.
