

## 2022 MULES MISTAKE

The “Mule’s” has taken on a life of its own and has grown well beyond the humble origins of a mere *mistake*. (The venerable Bill Fanning, my first “Ass”istant winemaker, called himself the *rented mule*...) Nowadays, we think of Mule’s as PSC’s Pinot stand in: red fruit driven, light to medium bodied and infinitely drinkable. As Mule’s has evolved, so has our approach to crafting it. Now in its 13<sup>th</sup> year as an Arizona blend, all of the juiciness and bright red fruits you’ve come to love combine as a light, refreshing summer drinker. Hopefully it’ll have you shouting: "long live the Mule!"
