

## 2022 VINO DEL BARRIO - ROJO

Vino del Barrio is a testament to the art of winemaking: blending. Reserve wines and vineyard designates pretty much make themselves: we taste through barrels and simply pull out the best ones. Bigger blends like the Barrio are often made up of several varietals. They are much more complex and require more thought and effort on the winemaker's part. Like all challenges, the process of crafting a harmonious and complex whole from several parts, is satisfying for us and hopefully for you too.
