### DESCRIPTION:

Anisette is predominantly flavored by the “licorice”-flavored essential oil anethole elaborated from anise seed. Vitae Spirits™ Anisette is reminiscent of European anisettes that have a relatively high alcohol content with less sugar, which allows the herbal qualities to shine. With a slight touch of citrus our Anisette carries a brightness that lingers on the palate. Just close your eyes, taste, and envision basking in the sunshine at a café along the Mediterranean.

### TASTING NOTES & USES:

Enjoy our Anisette by pouring it over ice and then slowly adding water to taste, yielding a palate cleansing aperitif. Anisettes are used in many classic cocktails and can substitute for absinthe, pastis, or ouzo. Examples of tasty anisette cocktails include the Sazerac, General Lee, Baltimore Bracer, or Café de Paris.
