DESCRIPTION:

One of the most enchanting things about distilled spirits are their uncanny ability to capture and transmit the aromatic essence of botanical oils, straight into our nose, awakening visions and cherished memories. We've teamed up with local Christmas tree farm, Bit-O-Honey Farm, a short drive from Charlottesville in Fishersville, to gather and then distill their springtime trimmings of blue spruce (*Picea pungens*) and balsam fir ssp. Canaan (*Abies balsamea*) into our Conifer spirits. Incredible aromatics at their freshest!

TASTING NOTES & USES:

Resinous aromatics of forest walks and green mosses with a citrus brightness that makes Conifer at home in both bright summer cocktails as well as winter warmers. Conifer is easy to substitute for gin in many cocktails, but also excels as a digestif sipped straight.
