DESCRIPTION:

The United Kingdom has a long tradition of infusing gin with ripe fruit at the end of the summer, adding a bit of sweetness, and then enjoying it as the weather begins to cool. In Vitae Spirits® Damson, we have captured the essence of Virginia's classic damson plum at its peak of ripeness by infusing the fruit into our Modern Gin using age-old methods typically used to produce sloe gin, but now with a Virginian twist!

TASTING NOTES & USES:

With a gorgeous magenta color our Damson Gin liqueur strikes the perfect balance between tart, sweet, and aromatic that is easily drunk straight or subbed into classic cocktail recipes calling for sloe gin.
